

**AFCEA EDUCATIONAL FOUNDATION
CHAPTER AWARD FOR USE OF
INFORMATION TECHNOLOGY IN EDUCATION
In honor of Chuck Corjay**

Criteria: Chapters may submit one educational project each year that successfully includes the use of information technology. The project must have been implemented within the current or previous fiscal year. Essential features of the project should include:

- Successful use of information technology
- Can be but not limited to Chapter Initiatives Grant project
- Demonstrated impact at a local school or community organization
- Chapter participation/involvement

All AFCEA chapters are eligible for the AFCEA Educational Foundation Award for the Use of Information Technology in Education. Nominations will be solicited in September and due each year by **December 1**.

The Educational Foundation Board of Directors will select the recipient at their February meeting. The award will be presented at Transformation Warfare.

Instructions: Provide details on nature of project, chapter involvement including personnel and financial commitments, specific accomplishments, and partnership participation if applicable. Please provide photos if available and information on “before” and “after” scenarios.

Selection will be based on technical features of the project and successful impact in the school or community.

Fax or email nominations to 703/631-4693 or scholarship@afcea.org.
