

Justin Sherin is a Senior Associate with Booz Allen Hamilton. He and his team provide support to the Office of the Secretary of Defense for Homeland Defense and Americas' Security Affairs, Department of Homeland Security Office of Infrastructure Protection, National Geospatial-Intelligence Agency Office of Americas and the US Geological Survey National Geospatial Program Office for the Homeland Infrastructure Foundation Level Data Working Group, Homeland Security Infrastructure Program (HSIP) Gold data improvement, the FGDC Homeland Security Working Group and strengthening their partnerships. Recently, he also provided support to the Joint Geospatial-Intelligence Activity, which is a partnership between US Joint Forces Command and the National Geospatial-Intelligence Agency.

Prior to joining Booz Allen Hamilton, Mr. Sherin served over twenty-five years as a Naval Explosive Ordnance Officer with many demanding leadership and management assignments. His final tour on active duty was with the Standing Joint Force Headquarters - Homeland Security (HLS), Intelligence and Information Directorate to work the Nation's top priority mission following the terrorist attacks on America. It was here that he was a co-founder of the HIFLD working group and was a leader of linking DoD and National geospatial information sharing efforts in support of many HLD/HLS projects and missions for the Defense of our Nation.

Mr. Sherin enjoys scuba diving, snowboarding, volleyball, golf and coaching basketball.
