Enabling and Integrating Joint Force Training

- **Provide training support to the warfighter through exercise programs**
- **Training for distributed operations**
- **Globally distributed immersive training for the individual and small groups**

Mission Statement

The Joint Training Directorate/Joint Warfighting Center trains forces, develops doctrine, leads training requirements analysis and provides a globally distributed and interoperable training environment. We do this to improve joint force readiness.

Provide Training Support to the Warfighter Through Exercise Programs

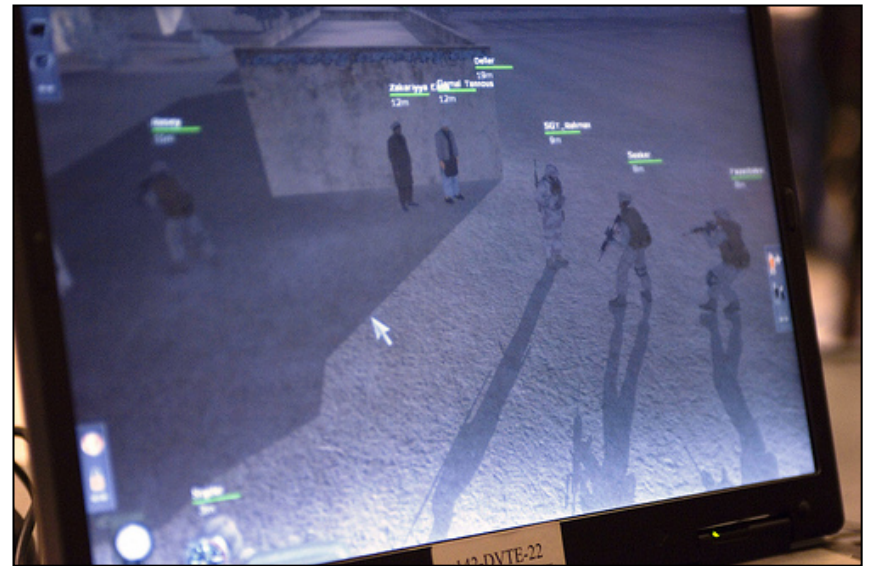

- **Mission Rehearsal Program prepares combined/joint task force commanders to deploy around the globe**
- **Exercise support for Combatant Commands, NATO, coalition partners and the Services**

Training for Distributed Operations

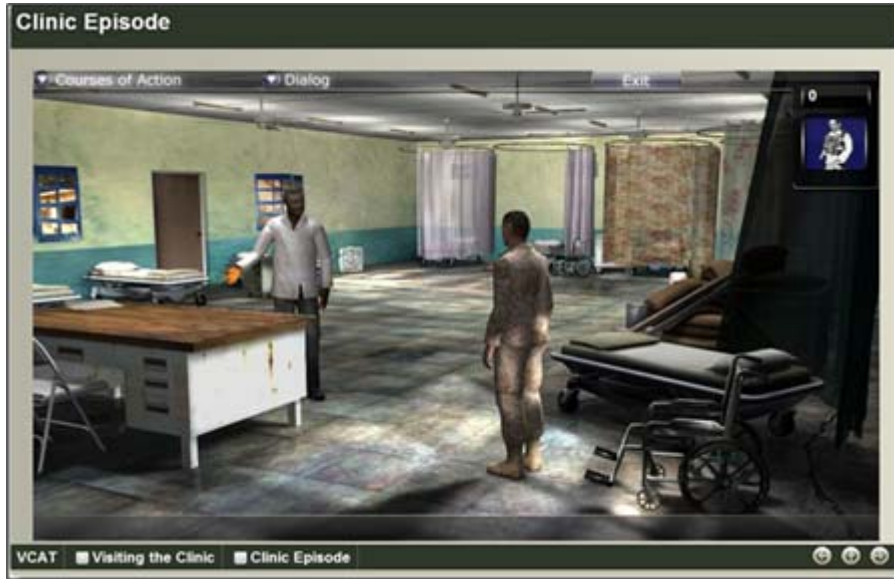

- **Development of close combat immersive training capabilities**
- **Driving joint capabilities to the lowest level**

Globally Distributed Immersive Training for the Individual & Small Groups

- Joint Knowledge Online provides individual and small team immersive training
