

U.S. AIR FORCE

# Our Shared Goal

- Mission assurance by providing joint force commanders network enabled operational capability to...
  - See with clarity
  - Network with assurance
  - Communicate with certainty
  - Navigate with accuracy
  - Strike with precision

**Improve Capabilities, Flexibility & Robustness of Forces Across the Domain**

*Integrity - Service - Excellence*

U.S. AIR FORCE

# Warfighting Integration Vision

- Enable the Joint fight by making authoritative information from any system available to the warfighter
  - Synthesizing information and coordinating capabilities to produce effects in any domain
  - All data belongs to the enterprise and informs the Joint Force Commander

*Closing the seams between sensors, decision makers, and shooters*

*Integrity - Service - Excellence*

Today

*"People want to talk to other people - not a house, or an office, or a car. Given a choice, people will demand the freedom to communicate wherever they are, unfettered by the infamous copper wire. It is that freedom we sought to vividly demonstrate in 1973"*

*Dr. Martin Cooper.*
