

Dr. Carl Landwehr
IARPA NCIAR Program Manager
carl.e.landwehr@ugov.gov

Carl Landwehr is a Program Manager at the Intelligence Advanced Research Projects Activity (IARPA) where he has created programs in automatic privacy protection, accountable information flow, and large scale system defense. He also serves as Editor-in-Chief of IEEE Security & Privacy Magazine. He was the first Program Director for the National Science Foundation's programs in Trusted Computing and Cyber Trust, and for many years he led research in computer security at the Naval Research Laboratory. Dr. Landwehr has received Best Paper awards from the IEEE Symposium on Security and Privacy and the Computer Security Applications Conference, and the IEEE Computer Society has awarded him its Golden Core. He is on assignment at IARPA from his position as Senior Research Scientist at the University of Maryland.
