AFCEA Continuing Education Program

[Frequently Asked Questions](#)

Our Continuing Education (CE) program is designed to support certifications related to U.S. Federal Government requirements. Several TechNet Indo-Pacific sessions have been reviewed by CompTIA, GIAC, and/or CertNexus for continuing education. These sessions may also support (ISC)², National Contract Management Association (NCMA), Project Management Institute (PMI), GAGAS, and Defense Acquisition Workforce continuing education and/or certification maintenance requirements.

- 1. How do I identify symposium sessions that are approved for CompTIA CEUs, GIAC CPEs or CertNexus CECs?** Approved sessions are noted on the reverse side of this flyer and will be included on the event website.
- 2. How do I prepare attendance documentation required by CompTIA and/or GIAC?** You must prepare your attendance documentation using your name and registration receipt, the link to the session information, the event name, session name, session description and additional detail such as session length and speaker info. Please check with applicable certifying organizations for their specific requirements. This guidance applies to live streamed and on-demand sessions.

CompTIA: <https://www.comptia.org/continuing-education/choose/renewing-with-multiple-activities/training-and-higher-education>

GIAC: <https://www.giac.org/certifications/renewal/community-participation>

- 3. What if I need additional information about specific continuing education programs?**

CompTIA allows individuals to keep their skills current and many of their certifications up to date without retesting by participation in CEU-qualified training activities. For details on CompTIA Continuing Education Program FAQs: <https://certification.comptia.org/continuing-education/how-to-renew/earn-continuing-education-units>.

AFCEA members can receive up to a 15% discount on Certification Vouchers at www.trainestcert.com

Each GIAC certification remains valid for 4 years. Two years after certification the renewal process will begin, and individuals must maintain their credentials through Continuing Professional Experience (CPE). For details visit: <http://www.giac.org/pdfs/cert-renewal/faq.pdf>. You may also email cert-renewal@giac.org.

Credential holders must earn the minimum number of Continuing Professional Experience (CPEs) annually during each year of the three-year certification cycle. Members must earn and submit the minimum **annual** number of CPEs to maintain their certification in “**good standing**.” For more information visit <https://www.isc2.org/maintaining-your-credential.aspx>.

For information about Project Management Institute’s program to maintain credentials visit: <http://www.pmi.org/Certification/Maintain-Your-Credential.aspx>.

GAGAS: Session content may also support GAGAS (Generally Accepted Government Auditing Standards) Requirements for Continuing Professional Education. We recommend consulting with your supervisor to determine which sessions would help meet your individual requirements. A CPE hour may be granted for each 50 minutes of participation in group programs and activities that qualify. <http://www.gao.gov/assets/80/76894.pdf>

Defense Acquisition Workforce: Members of the Defense Acquisition Workforce may qualify for continuous learning points (CLPs) for attendance at relevant sessions. <https://www.dau.edu/training/clc/p/Creditable-Activities-and-Activity-Point-Values>

If in doubt, please check with your supervisor to confirm which sessions meet your training requirements.
