

Glenn Hernandez

Captain, U.S. Coast Guard (Ret)

Former USCG CISO

Senior Consultant,

OpEdge Solutions, LLC

Glenn served over 26 years in the U.S. Coast Guard and retired in July 2017. From 2013-2017, he was the Coast Guard's Chief Information Security Officer. He co-authored the Coast Guard's Cyber Strategy and led the Coast Guard's first-ever Cyber crisis response based on the National Incident Management System framework. He has extensive experience with major acquisitions, systems engineering, intelligence operations, cyber strategy and policy development. Glenn has a Bachelor of Science degree in Electrical Engineering from the U.S. Coast Guard Academy and a Master of Science degree in Electrical Engineering from the U.S. Naval Postgraduate School. A few of his distinguished awards include the U.S. Coast Guard Legion Of Merit, DoD Defense Meritorious Service Medal, first U.S. Coast Guard recipient of Military Intelligence Corps Association's LTC Thomas Knowlton Medal and AFCEA Leadership and Meritorious Service Awards. He is a (ISC)² Certified Information Systems Security Professional. Glenn has been an ardent supporter of STEM programs for over 30 years, and regularly volunteers on cyber education and workforce initiatives.

OpEdge Solutions LLC is a service-disabled veteran-owned small business that provides professional and information technology services in the areas of program management, solution architecture, infrastructure optimization, cloud computing, cybersecurity and wireless. As defense and homeland security professionals with intimate knowledge of the mission, we focus on delivering highest performance solutions while reducing risk and operational expenditures. In short, we "Deliver the Operational Edge" for your mission or business.
