Dr. Raj Minhas, Ph.D.

Vice President and the Director of Interactive and Analytics Laboratory at PARC

Profile:

Raj Minhas leads the AI research lab at PARC that focuses on people, their behaviors, and interactions with machines. The lab conducts research on all aspects of human-machine interaction including computer vision, conversation agents, explainable AI, and human-machine teaming. Raj joined PARC in September 2013 and, prior to that, he was the Director of Xerox Research Center India where he led its growth, development, and outreach for two years. He also held a variety of leadership roles at Xerox Research Center Webster including manager of analytics and large-scale computing research. Dr. Minhas earned his M.S. and Ph.D. in Electrical and Computer Engineering from University of Toronto.
