

Andy Palmer
CEO and Co-Founder
Tamr Inc.

Andy is the co-founder and CEO of Tamr. Previously, Andy was co-founder and founding CEO of Vertica Systems, a pioneering big data analytics company (acquired by HP). During his career as an entrepreneur, Andy has served as founding investor, BOD member or advisor to more than 50 start-up companies in technology, healthcare and the life sciences. He also served as Global Head of Software and Data Engineering at Novartis Institutes for BioMedical Research (NIBR) and as a member of the start-up team and Chief Information and Administrative Officer at Infinity Pharmaceuticals. Additionally, he has held positions at Bowstreet, pcOrder.com, and Trilogy.
