

Stu Solomon

**Chief Operating Officer
Recorded Future**

Stu Solomon is Chief Operating Officer at Recorded Future, the largest global security intelligence provider. In this role, Stu is responsible for leading all client facing activities globally including the intelligence research, analysis and delivery functions for Recorded Future. He is also responsible for Recorded Future's global sales, marketing, client services, partnerships and internal/product security functions. Prior to his current role, Stu led the product, research and development and strategy functions for Recorded Future. Under Stu's leadership, Insight Venture Partners acquired Recorded Future for \$780 million in May 2019 — the highest exit for a threat intelligence company in history. Prior to joining Recorded Future, Stu served as Chief Technology and Strategy Officer for the Global Security VAR and Integration firm Optiv. Before Optiv, Stu was in various leadership roles at iSIGHT Partners and Bank of America and as an active duty officer in the US Air Force among others. Currently also a senior officer in the Air National Guard focused on cyber operations, he holds a J.D. degree from Rutgers University School of Law and is a graduate of the U.S. Air Force Academy.
