Catalogue Officer (Coordination Officer)
Disclosure Officer (Document Control Officer)
Release Authority (ACOS/Branch Head, Can be further delegated)
Some Challenges

• User Metadata awareness

• Better understanding of the NNE requirements
  – very diverse
  – Flexibility is key to any solution

• Integration of an ICH-RG like concept into existing and future IM solutions and C2 applications

• Specification and procurement of application agnostic gateways

• Two tier accreditation
  – Generic service agnostic platform
  – Specific mission tailored implementation

• Inform other rapid development initiatives to avoid overlap
