MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Nominations for the 2019 AFCEA International - Saint Isidore Medal Award

1. Purpose: To establish procedural guidance for nominations for the 2019 AFCEA International Saint Isidore Award Medal. Please note that the process has changed. All awards will be processed through AFCEA International.

2. Overview: The AFCEA-hosted Saint Isidore Award recognizes individuals who demonstrate exceptional initiative, leadership, insight, and cyber excellence within their area of expertise. AFCEA is a member-based, nonprofit international organization focused on advancing information technology, communications and electronics, and cyber for the defense, homeland security, and intelligence communities. The award consists of three levels, which are described below in order of precedence, with the minimum criteria for each level.

a. Gold Level Medallion: The Gold Level Medallion is the highest award and recognizes those who have rendered conspicuous, long-term service and significant contributions to the cyber mission. Recipients have so singularly distinguished themselves as contributors to the cyber mission that they have few peers. Recipients will be awarded a gold medallion with a ribbon and certificate. There are 5 gold level awards allocated for this year. A General Officer or SES endorsement is required for gold level awards.

b. Silver Level Medallion: The Silver Level Medallion recognizes those who have made significant contributions to the promotion of the cyber mission in ways that stand out in the eyes of the recipients, their superiors, subordinates, and peers. These individuals must also demonstrate the highest standards of integrity and moral character, display an outstanding degree of professional competence, and serve the cyber mission with distinction. Recipients will be awarded a silver medallion with a ribbon and certificate. There are 10 silver level awards allocated for this year. A Colonel (Commander/Chief of Staff/Director) endorsement is required for silver level awards.

c. Bronze Level Medallion: The Bronze Level Medallion recognizes those who have demonstrated the highest standards of integrity, moral character, professional competence, and selflessness, while contributing significantly to the promotion and betterment of the cyber mission. There are 20 bronze level awards allocated for this year. A Lieutenant Colonel (Commander/Deputy Commander/XO) endorsement is required for bronze level awards.

3. Eligibility Criteria: Any service member or DOD civilian assigned or attached to organizations identified in the distribution list of this memorandum that has demonstrated the highest standards of honor and moral character, and provided considerable and lasting contribution to the cyber mission during the past year is eligible for consideration. Exceptions to these criteria will be considered by the selection committee. The selection committee will consist of members of AFCEA and government volunteers who, as cyber professionals, represent the highest standards of conduct and performance.

4. Nomination Procedures:

a. Nominations will be submitted in narrative format and include specific contributions made to the cyber mission. Nomination allocations by type of award and by element/command are included in enclosures (1) through (3). The nomination summary of action must highlight specific, demonstrable contributions for each category of award that demonstrates a history of the advancement of cyber operations. Contributions need not be technical in nature, but may arise from doctrinal, financial, organizational or other dimensions of cyber operations.

b. Each eligible organization will submit nominations not later than July 2, 2019. The packet will consist of the endorsed nomination memorandum consisting of not more than 2 pages in 12-point Arial font with a maximum of 250 to 500 words and appropriate record brief (ORB, SRB, CRB), if applicable, submitted by email to AFCEA International, ATTN: Colonel Mike Warlick, USMC (Ret.), Vice President for Defense, at saintisidore@afcea.org. Nominations received after the July 2 submission date will not be considered during for the 2019 award period.

5. Selection Process:

a. The AFCEA Selection Committee will review and select 5 Gold, 10 Silver, and 20 Bronze level medallions for those nominees who have demonstrated exceptional initiative, leadership, and cyber excellence. Once AFCEA has completed the selection and approval process, a courtesy copy of the results will be provided to the Commanding General, U.S. Army Cyber Command. AFCEA will prepare the award certificates, to include the medallions, and mail to the nominating organization point of contact for presentation.

b. Representatives from AFCEA, when available, along with the Commanding General and Command Sergeant Major, as desired by the Commanding General, Army Cyber Command, will present Gold level medallions at the annual Army Cyber Ball. As a suggestion, the Silver and Bronze level medallions would normally be presented by the first Colonel level Brigade Commander or Directorate Chief at their discretion.

c. In addition to the award and certificate, AFCEA will also award a no-cost one-year membership to the winners of the 2019 Saint Isidore Medallion who are not active members of AFCEA International.

6. The AFCEA points of contact are Col. Mike Warlick, USMC (Ret.) at 703-631-6132 or mwarlick@afcea.org or Jessica Godart, Event Coordinator, at 703-631- 6162 or jgodart@afcea.org.

Michael B. Warlick
Colonel, USMC (Ret.)
Vice President for Defense

MEMORANDUM FOR AFCEA International, 4114 Legato Road, Suite 1000, Fairfax, VA 22033 (Attn: Col Mike Warlick/Ms. Jessica Godart)

SUBJECT: Saint Isidore Nomination Gold Medallion Award – Mr. John L. Doe

While serving as the Chief and Cyberspace and Information Operations Management Decision Package (MDEP) Manager, Mr. John Doe was directly responsible for the long-term growth and sustainment of Cyberspace and Information Operations. He personally developed and supervised the completion of several seminal policy, planning, and position documents on critical Cyberspace topics. He advocated on behalf of the Army to lead joint cyberspace capability developments, such as Cyber Training Range Executive Agency and Persistent Training Environment Acquisition Lead. Both capabilities will support Army and Joint cyberspace training requirements..

Mr. Doe was instrumental as the Project Manager and a core member of the writing team developing the Army's first Cyber Resiliency Plan for the evaluation and remediation of cyber vulnerabilities in Major Army Weapons systems to meet requirement of the 2016 National Defense Authorization Act of Section 1647. The plan was later approved by the CSA, published and incorporated as an Annex to the Army's Cyberspace Strategy.

Mr. Doe's roots in the MDEP contributed to secure 89% of the critical requirements for FY12 at \$178M and \$1B across FY 12-16. As a testament to Mr. Doe's steadfast hand for POM 18-22, he conducted continuous coordination with over 15 stakeholders to grow critical requirement for FY18 to over \$554.8M and \$2.9B across FY 18-22. This is a 3-fold increase in successfully advocating for Army cyberspace requirements during his tenure. Due to John's relentlessness, professionalism and selfless service, the Army has grown cyberspace capabilities and capacity. His efforts made a direct and positive impact on the evolution of Army Cyberspace Operations.

The point of contact for this submission is the undersigned at commercial: 706-555-1063 and email at Dun.E.Johnthan.civ@mail.mil.

MEMORANDUM FOR AFCEA International, 4114 Legato Road, Suite 1000, Fairfax, VA 22033 (Attn: Col Mike Warlick/Ms. Jessica Godart)

SUBJECT: Saint Isidore Nomination – Silver Medallion Award – MAJ John D. Doe

MAJ Doe serves as the Lead Cyberspace Planner, Cyberspace Branch, Cyberspace/Information Operations Division, Operations, readiness, and Mobilization Directorate, Headquarters, Department of the Army G3/5/7. He develops, coordinates and integrates Army Cyberspace strategy and policies with the Army Staff, Army Commands, Direct Report Units, the Joint Staff, and the Office of the Secretary of Defense.

MAJ Doe was directly responsible for the Army and Department of Defense achieving and sustaining irreversible momentum in the cyberspace domain by establishing the necessary policies, orders and resources. He coordinated the first Army Cyberspace Council, DCS G-3/5/7 chartered organization, which synchronizes cyberspace efforts with stakeholders throughout the Army. He developed efforts that integrated and implemented cyberspace operations into Army unified land operations.

He served as the United States Cyber Command (USCYBERCOM) J39 Strategic Effects and Special Programs Division Cyber/Information Operations Chief. He led Cyberspace Integration operations for the Strategic Effects and Special Program Division for the planning, integration, and coordination of Joint Operations and capabilities unique to Cyberspace and USCYBERCOM.

MAJ Doe expedited the integration of Special Technical Operations and Special Access Programs into cyberspace initiatives to achieve Joint Strategic effects in support of multiple combatant commands. He led the coordination and integration of space and cyberspace operations, significantly boosting mission success.

MEMORANDUM FOR AFCEA International, 4114 Legato Road, Suite 1000, Fairfax, VA 22033 (Attn: Col Mike Warlick/Ms. Jessica Godart)

SUBJECT: Saint Isidore Nomination Bronze Medallion Award – MAJ John D. Doe

It is my pleasure to nominate MAJ John Doe, for the Saint Isidore Award. MAJ Doe is a well-developed officer that possesses a calm demeanor that embraces hard work and challenges. As a Cyber Protection Team Lead since 2015, he has profoundly organized his team to meet the rigorous demands of becoming the first DISA DODIN CPT to obtain full operating capacity (FOC) and becoming a complete functioning cyber force.

MAJ Doe has been instrumental in creating a new capability for the Cyber Protection Brigade with developments in defensive cyber operations as a DISA CPT element. He has the ability to visualize the cyber battlefield and develop solutions to mitigate the situation. John led his team while providing tremendous DCO support during the JTF-ARMA mission in a remote location in the Middle East. He has communicated and demonstrated the ability to deploy DCO capabilities to a JTF element with confidence and intellect. His performance as the Team Lead has shown his ability to be innovative, resourceful, and competent while supporting the DODIN DCO mission for the Brigade.

MAJ Doe's leadership, drive, and presence are the central points of stability and success for his team. He is committed to the mission and personifies selfless service and perseverance to the Cyber Mission Force and therefore warrants recognition by receiving the 2017 Armed Forces Communications and Electronics Association (AFCEA) Saint Isidore Award.

The point of contact for this submission is the undersigned at commercial: 706-787-1063 or email at Jonathan.E.Dun.mil@mail.mil.
