

Mr. Greg Fitzgerald (Fitz) is the COO of IT Coalition where he leads the day to day management of ITC and oversees all business development, service delivery, contracts, finance, and corporate activities company-wide. He brings 15 years of experience leading program management, business development, capture management, and solution development across the Federal sector. Under his tenure ITC has grown to 350 employees nationwide serving a broad set of customers and missions across the Civilian, DoD, and Intel marketplace. Mr. Fitzgerald also serves as the executive sponsor for ITC's New Orleans Solution Center which is a dedicated software practice focused on delivering enterprise solutions utilizing the ServiceNow platform. Previously, Mr. Fitzgerald served in leadership positions with Computer Science Corporation (CSC) where he led the pursuit and capture of strategic opportunities securing more than \$1B in new single-award contract wins. Mr. Fitzgerald has a BA from Penn State and an MS in Technology Management from George Mason. He is PMP certified and holds a Federal CIO certification.
