

Ryan Orr

Sr. Risk Analyst

Department of Homeland Security, Cybersecurity and Infrastructure Security Agency

Ryan Orr is a Sr. Risk Analyst in the Department of Homeland Security's Cybersecurity and Infrastructure Security Agency (CISA). Ryan is a subject matter expert on Fifth Generation Mobile Networks (5G) and supports key analytical initiatives within CISA, including 5G, Cyber Supply Chain Risk Management, and The Committee on Foreign Investment in the United States (CFIUS). Ryan previously served as a System Administrator and Security Liaison for the National Technical Information Service (NTIS) within the Department of Commerce. Additional past experience includes working as a domain administrator, assistant network administrator, and a field technician within the government, defense contracting and banking industries. Ryan received his B.S in Information Technology Management from Longwood University.
