

Regina O'Connor - Senior Technical Recruiter & Talent Advisor at [Robust AI](#)

Regina O'Connor is a highly experienced Technical Recruiter and Talent Expert with over a decade of expertise in sourcing top-tier talent for AI companies. Specializing in talent acquisition for Robotics, Regina excels in recruiting exceptional individuals for roles demanding highly specialized technical skill sets.

Currently serving as a Senior Technical Recruiter at Robust AI, a pioneering Silicon Valley company focused on developing collaborative robot solutions for manufacturing and warehouse logistics, Regina is deeply entrenched in the dynamic technological landscape. Beyond her proficiency in Robotics, she has a deep knowledge of Conversational AI, having been an early employee at Woebot, a health chatbot company where Andrew Ng currently chairs the Board of Directors.

Through her organization of the SuperBot and Chatbot conferences in Regina has been instrumental in developing the Bay Area Conversational AI community. Regina serves on the Board of the Irish Network of the Bay Area and is a regular event organizer and speaker. Regina was a speaker at the inaugural Women in Robotics Day event in October 2023.

Regina's fervor lies in exploring the boundless potential of technology and artificial intelligence to positively impact humanity.
