

Dr. Allan “Al” Mink

Dr. Mink is the Managing Director and Co-Founder of the MIT Alumni Angels of DC. These Angels not only drive investment into the region and nation's technology start-ups, but they leverage their insights and connections to accelerate the success of their portfolio firms. MIT Alumni Angels also dedicate pro bono time to helping advance the Mid-Atlantic Region's entrepreneur ecosystem.

Al also serves on the boards of several of these technology firms. He's also an Adjunct Professor teaching a graduate course in technology strategy for American University and has served USAF's senior leadership directly as a USAF Adjunct Contract Professor.

He's held several leadership positions in industry, to include CTO & COO of the Systems and Software Consortium, VP of Defense and Intelligence for Unisys Corporation, and business growth lead for SRA International's largest business unit.

Al retired from the United States Air Force as a Colonel and decorated combat pilot. His final assignment was at Headquarters Air Force, leading the USAF's portfolio of thirteen technology initiatives, a role similar to today's CTIO for the US Space Force.

He's Past President of the Armed Forces Electronics Association (AFCEA Northern Virginia) and currently serves on the Board of AFCEA International. As a leader in Rotary, he supports service project for those in need in Central Virginia and overseas.

Fun Fact: Al is an avid cyclist and rides with the Air Force Cycling Team. A few years back Al and two friends bicycled across the USA to raise money for youth STEM (Science, Technology, Engineering, and Math).
