SIGNAL kids

2027 EDITORIAL CALENDAR

FEBRUARY

OUT OF THIS WORLD: EXPLORING SPACE

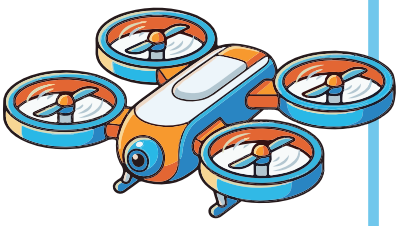

We're on a mission to show you Earth from a new point of view! Learn what it's like to be an astronaut and what technologies make it possible to explore our solar system.

MAY

FARM TO FORK: FASCINATING FOOD SCIENCE

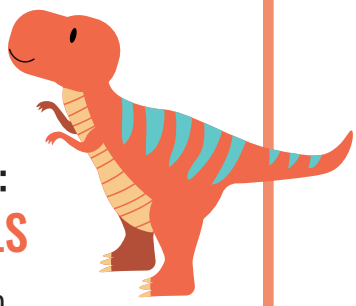

Growing, cooking and eating are essential to life, and they all involve science! This issue will cover farming practices, agricultural technology, the science behind baking and so much more.

AUGUST

UP IN THE AIR: SOARING INTO STEM

Fly high with *SIGNAL* Kids as we explore all the things we can find in the sky. From planes to drones to creatures with wings, the sky is the limit!

NOVEMBER

WILD ABOUT STEM: AMAZING ANIMALS

Get ready to go wild with science as we explore our furry, fierce and fascinating animal friends. From dinosaurs to newly discovered species, learn all about STEM in nature.
